

DUCT  
" ~~DUCK~~ TAPE CAN SAVE YOUR LIFE!"  
By PAT/SALTY

DUCT ~~DUCK TAPE~~ TAPE  
is - Like ASPIRAN - A TRUE REAL  
LIFE "MIRACLE INVENTION."  
I'm 100% DEAD SERIOUS ABOUT THIS;  
Buy A Few ROLLS (if you haven't ALREADY)  
AND Keep Them HANDY.  
ONE OR TWO IN YOUR HOME  
(Keep ONE ROLL WITH YOUR FIRST AID KIT -  
if you have ONE, IN YOUR BATHROOM  
MEDICINE CABINETTE, if you DON'T)  
Keep A ROLL IN YOUR VEHICALS GLOVE  
COMPARTMENTS (ON YOUR BOAT, TOO,  
if you have one)  
Why?  
BECAUSE IT CAN SAVE LIVES, THATS WHY.  
(Besides which, DUCK TAPE CAN BE USED  
TO FIX ALMOST ANYTHING)  
INCLUDING STOPPING YOU, OR ME, OR  
SOMEONE ELSE FROM BLEEDING TO DEATH  
AFTER AN UNEXPECTED INJURY.  
if you ONLY HAVE TO use it ONE TIME  
IN YOUR ENTIRE LIFE - it WILL BE WORTH IT.  
DUCK TAPE: NEVER LEAVE HOME WITHOUT IT.  
NEVER HAVE YOUR HOME WITHOUT IT, YOUR  
CAR, YOUR CAMPER, YOUR FIRST AID KIT -

(2)

OR ANYTHING ELSE WITHOUT AT LEAST  
ONE ROLL OF DUCK TAPE,  
ITS THE ULTIMATE EMERGENCY STANDBYE,  
IF I HAD MY WAY, I WOULD MANDATE  
BY LAW THAT EVERY EMERGENCY  
VEHICAL HAVE DUCK TAPE ON BOARD,  
EVERY HOME, EVERY APARTMENT,  
EVERY CAR + TRUCK + BOAT + PLANE  
+ SCHOOL; EVERY PLACE SHOULD HAVE AT  
LEAST ONE ROLL OF DUCK TAPE ON HAND  
AT ALL TIMES.

LOOK, I HAVE TO GET REALLY GRAPHIC  
HERE TO DRIVE MY POINT ACROSS;  
IF CERTAIN MAIN HUMAN BLOOD ARTERYS  
GET CUT (WHETHER FROM A VIOLENT  
ARMED ATTACK OR AN ACCIDENT) A PERSON  
CAN "BLEED OUT" AND BE DEAD IN  
A QUICK MATTER OF 2 TO 5 MINUTES  
UNLESS THE BLEEDING - THE CUT - IS  
COVERED AND STOPPED WITHIN THAT TIMEFRAME.  
ONLY QUICKLY WRAPPING SUCH A WOUND  
WITH DUCK TAPE WILL SAVE YOUR LIFE,  
OR ANYONE ELSE'S LIFE, AT THAT POINT.  
ALLOWING TIME FOR EMERGENCY ROOM  
TREATMENT - ITS THAT SIMPLE; DUCK  
TAPE CAN SAVE LIVES IN AN EMERGENCY,  
SO GET SOME AND ALWAYS HAVE IT WITHIN REACH. XX
