

MORE SECRETS REVEALED;  
"MOTORCYCLES CAN BE THE ULTIMATE VIBRATORS"  
BY PAT/SALTY

VVVVRRROOOOM! VVVVRRROOOOM!  
PUT-PUT-PUT-PUT-PUT-VVVVRRROOOOM!  
YOU SEE, MOTORCYCLES VIBRATE.  
A LOT. ESPECIALLY BIG POWERFULL  
AMERICAN BIKES LIKE HARLEYS.  
BRINGS A WHOLE NEW MEANING TO THE  
BIKERS SAYING ABOUT "THE PLEASURES OF THE OPEN  
ROAD", DOESN'T IT? DAMNED A IT DOES.  
NO WONDER "BIKER CHICKS" LIKE TO RIDE  
ON BACK, VROOM-VROOM, INDEED.  
THERE IS DEFINATELY AN EXHIBITIONIST  
ASPECT TO IT, ALSO; PEOPLE ON THE  
STREET AND IN CARS CAN BE LOCKING  
RIGHT AT THE RIDERS VIBRATING OUT  
ON THE OPEN ROAD - IN PUBLIC! - AND  
NEVER ~~KNOW~~ EVEN SUSPECT A THING.  
BUT I - PAT/SALTY - I KNOW,  
ABOUT THE HIDDEN (FROM NON-RIDERS,  
THAT IS) PHYSICAL PLEASURES OF BIG  
POWERFULL ENGINES VIBRATING (RIGHT  
UNDER THE SEATS!) <sup>OF</sup> AMERICAN MOTORCYCLES.  
THIS IS ONE REASON WHY AMERICAN  
HARLEY DAVIDSON RIDERS CAN'T STAND  
JAPANESE AND FORIEN BIKES, "CHEAP  
SCOOTERS" THEY CALL THEM. NOT ENOUGH  
"HORSEPOWER" TO HORSE AROUND ON,  
NO SIR; HARLEY ALONE MAKES THE WORLDS'  
BEST VIBRATING CYCLES.  
AND BIKER GIRLS THE WORLD OVER CONCUR.  
THERES A REASON WHY SO MANY BIKERS  
FALL IN LOVE WITH THEIR MOTORCYCLES.  
VVVVRRROOOOM - VVVVRRROOOOM, INDEED!
